

Steigende-Sudoku

Setze die Zahlen von 1 bis 9 in jedes leere Feld, sodass jede Zahl in jeder Reihe, jeder Spalte und in allen 9 3x3 Bereichen genau einmal erscheint.

Die Zahlen in jeder Reihe sind entweder streng wachsend oder fallend.

(Lösung)

A 9x9 Sudoku grid with the following filled-in numbers:

5			7					
1	4			5	6	2		3
				3				
				6				8
						8	4	
								7
			4		5			
		2		8				

The grid features several thick black lines forming a stepped pattern across the middle, which serve as visual cues for the sequence direction. The numbers 1 through 9 are placed in a way that they either increase or decrease sequentially from left to right within their respective rows, subject to the standard Sudoku rules of no repeats in columns and 3x3 boxes.
