

Eliminierungs-Sudoku

Setze die Zahlen von 1 bis 9 in jedes leere Feld, sodass jede Zahl in jeder Reihe, jeder Spalte und in allen 9 3x3 Bereichen genau einmal erscheint.

In Zellen mit Pfeilen dürfen keine Zahlen wiederholt werden, die in den Zellen liegen, auf die der Pfeil zeigt.

(Lösung)

The grid contains the following visible numbers:

2					9			
5		7			6			
	9		5		2	3		
					5			
				2		7		
6								
			8					
					4			
	2	6				8		

Arrows indicate elimination paths:

- A downward arrow from the top-left cell (2) points to the cell below it.
- A downward arrow from the middle-left cell (5) points to the cell below it.
- A downward arrow from the bottom-left cell (6) points to the cell below it.
- An upward arrow from the middle-left cell (5) points to the cell above it.
- An upward arrow from the bottom-left cell (6) points to the cell above it.
- A downward arrow from the middle-middle cell (5) points to the cell below it.
- An upward arrow from the middle-middle cell (5) points to the cell above it.
- A downward arrow from the bottom-middle cell (8) points to the cell below it.
- An upward arrow from the bottom-middle cell (8) points to the cell above it.
