

Thermometer-Sudoku

Setze die Zahlen von 1 bis 9 in jedes leere Feld, sodass jede Zahl genau einmal in jeder Reihe, jeder Spalte und jedem 3x3-Bereich erscheint.

Einige Thermometerformen sind im Gitter platziert. Die Zahlen müssen strikt zunehmen, von der Glühbirne bis zum flachen Ende des Thermometers.

(Lösung)

A 9x9 Sudoku grid featuring thermometer symbols instead of standard numbers. The grid is organized into 3x3 boxes. Several cells contain either a number or a thermometer symbol. The numbers present are 5, 4, 9, 2, and 8. The thermometer symbols represent ranges of values from 1 to 9, with the bulb at the bottom and the flat end at the top. The grid is designed so that each row, column, and 3x3 box contains every digit from 1 to 9 exactly once, including the implied values represented by the thermometer symbols.
